

Property Tax Highlights

County of Santa Barbara

Fiscal Year July 1, 2007 to June 30, 2008

PROPERTY TAX PROCESS

Today California schools, counties, cities and special districts depend on property tax as a primary source of revenue. Property tax raised \$543 million for local governments within the boundaries of Santa Barbara County during fiscal year 2006-07 and is expected to generate \$583 million for fiscal year 2007-08. The *Property Tax Highlights* is intended to provide an overview of the property tax process in Santa Barbara County. It includes highlights of current results and a broad description of how the property tax is generated from the taxpayers and distributed to local government agencies. Please visit our website located at www.co.santa-barbara.ca.us/auditor to view or download copies of The *Property Tax Highlights* and our other publications.

The Proposition 13 property tax initiative approved overwhelmingly by California voters in 1978 is the basis for the current tax process. Proposition 13 limits the property tax rate to 1% of assessed value, plus the rate necessary to fund local voter-approved bonds. It limits property tax increases to 2% per year on properties not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel.

Since the passage of Proposition 13, the California legislature and the voters have continually altered, interpreted, and implemented changes in the property tax laws. We hope this publication helps to explain some of the complexities of Proposition 13 and subsequent statutes that govern the property tax process. We welcome your comments and questions which can be emailed to us at auditorpropertytax@co.santa-barbara.ca.us.

PARCEL OWNERSHIP AND TAXPAYERS

Annually, taxable property is assessed (valued) as January 1st (the lien date) to generate tax revenue for the fiscal year that begins the following July 1st. The assessed value for most property is the prior year's assessed value adjusted for inflation up to 2%. However, if there has been a change in ownership the new assessed value will be the market value of the property that changed ownership. Additionally, any new construction value is also added to the property's prior base values.

The owners of property in Santa Barbara County are responsible for the timely payments of taxes. Those who pay late are subject to penalties which can be significant.

On the lien date taxes are levied and become a lien on both real and personal property. The term "secured" refers to taxes that are assessed against real property (e.g., land or structures). The tax bill creates a lien that is "secured" by the land/structure even though no document is officially recorded. This means that if the tax remains unpaid after a period of five (5) years, the property may be sold to cover the taxes owed. The term "unsecured" refers to property that can be relocated and is not real estate, such as business equipment, equipment, fixtures, boats, or airplanes. If the unsecured tax is not paid, a lien is filed against the owner, not the property.

Principal Taxpayers 2007-08

(Secured, Unitary and Unsecured)

	Type of Property	Assessed Value	% of Total Assessed Value
Exxon Corporation	Petroleum & Gas	\$ 364,658,491	0.63%
Verizon California, Inc.	Utility	194,900,321	0.33%
Southern California Edison Co.	Utility	184,663,039	0.32%
1260 BB Property, LLC (Biltmore)	Hotel	170,000,000	0.29%
Southern California Gas Company	Utility	160,118,236	0.27%
Fairway BB Property, LLC	Residential Estate	144,100,858	0.25%
HT-Santa Barbara, Inc. (Bacara)	Hotel	140,000,000	0.24%
Raytheon Company	Light Manufacturing	131,901,940	0.23%
Pacific Offshore Pipeline Co.	Petroleum & Gas	115,960,045	0.20%
Beringer Wine Estates Company	Agriculture	112,464,455	0.19%
Total Top 10 Principal Taxpayers		\$ 1,718,767,385	2.95%

The top ten taxpayers make up only 2.95% of total valuation. This is an indicator that the county has a diversified tax base.

The County has 127,329 secured parcels that include both residential (homes, condos and apartments) and non-residential (businesses, hotels, retail, etc.) property. Utilities and railroads are valued across multiple parcels. Business personal property (machinery and equipment) is taxable where it has established "permanent status"; while vessels (boats) are assessed where moored and aircraft are taxed at the location of the airport. There are about 24,000 business properties within the County.

Under Prop 13 similar properties can have substantially different assessed values based on the date of purchase.

Major Reappraisals - Secured

(in millions)

Appraisal Reason	2006-07 Base	Change	2007-08 Base
2% Prop 13 CPI adjustment	\$ 42,079	\$ 878	\$ 42,957
Property Ownership Changes	2,145	2,285	4,430
New Construction	3,316	1,105	4,421
Other	3,076	484	3,560
Total Net Assessed Value	\$ 50,616	\$ 4,752	\$ 55,368

Reappraisal based on ownership changes accounted for the major increase in valuation change last year. New construction was also significant and the 2% inflation adjustment adds significantly to the increase in base value.

ASSESSOR VALUES PROPERTY

The primary responsibility of the County Assessor is to discover, describe, value and assess all taxable property so that each owner is assured of paying the proper amount of property tax for the support of local government. The main categories of taxable property include real property, business personal property, vessels and aircraft. The Secured Tax roll is comprised of real property which is defined as land, mines, minerals, timber and improvements such as buildings, structures, crops, trees and vines. Business personal property (items such as machinery, equipment, office tools and supplies), vessels and aircraft are included on the Unsecured roll. It is important to note that there are numerous full and partial exclusions/exemptions provided by the State Constitution and the legislature that relieve certain taxpayers from the burden of paying property taxes.

Historical Assessed Value of Property in the County (in billions)

Fiscal Year	Assessed Valuation	Percent Increase
78-79	\$ 6.4	9.8%
79-80	7.2	12.5%
80-81	8.3	15.3%
81-82	9.3	12.1%
82-83	10.3	10.7%
83-84	11.1	7.3%
84-85	12.4	12.5%
85-86	13.7	10.4%
86-87	14.9	8.4%
87-88	16.2	9.0%
88-89	17.6	8.5%
89-90	19.2	9.2%
90-91	21.2	10.5%
91-92	22.6	6.4%
92-93	23.5	4.1%
93-94	24.5	4.1%
94-95	24.8	1.2%
95-96	25.3	2.1%
96-97	26.0	2.8%
97-98	27.1	3.9%
98-99	28.7	6.0%
99-00	30.4	6.0%
00-01	33.0	8.4%
01-02	35.9	8.7%
02-03	38.6	7.6%
03-04	41.3	6.9%
04-05	44.8	8.6%
05-06	49.5	10.4%
06-07	54.5	10.2%
07-08	58.5	7.2%

Assessed value is determined and enrolled to the owner as of January 1, which is the tax lien date. As an example, change in ownership (sales) and new construction (captured from permits and on-site reviews) during the prior calendar year 2006 are valued and enrolled as of January 1, 2007. The 2% inflation adjustment is applied along with exemptions and other appraisable events. The value of \$58.5 billion as of January 1, 2007 is then taxed for the fiscal year July 1, 2007 to June 30, 2008.

Other significant processes include:

- A Supplemental roll places tax changes into immediate effect on the date of transfer or the new construction completion date rather than waiting for the next lien date; resulting in the capture of tax for a portion of the current fiscal year.
- A Unitary roll contains properties such as railroads and utilities crossing the county and is valued by the State Board of Equalization.
- An assessment appeals process allows taxpayer to dispute values through administrative and judicial processes.

The leading indicators of property tax growth are property transfer tax and supplemental property tax growth rates. We now see the property transfer tax growth rate decreasing and anticipate AV growth rates will also begin to taper off within the next few years.

For more information on the assessment process visit the Clerk-Recorder-Assessor's Website at:

<http://sbcassessor.com>

AUDITOR-CONTROLLER PREPARES TAX ROLL

Once the assessed valuation is determined and enrolled by the Assessor it is delivered to the Auditor-Controller on or before July 1. The tax roll is then prepared by the Auditor by multiplying the value of each parcel by the 1% tax rate plus the amount necessary to make annual payments on bonds or other indebtedness approved by the voters to finance local facilities. The majority of outstanding bonds in the County are for school facilities.

2007-08 Tax Calculation

Local Secured Value	\$ 56,889,716,173
Local Unsecured Value	2,808,459,666
Unitary Value	780,549,337
Other Exemptions	(1,776,960,894)

Taxable Values	58,701,764,282
Homeowner Exemption	(434,772,989)

Net Taxable Values	\$ 58,266,991,293
1% Basic Tax Rate	x 1%

Property Tax	\$ 582,669,913
Bonds	27,274,289
Fixed Charges	29,878,551

Total Tax Levy	\$ 639,822,753
-----------------------	-----------------------

5-Year Total Tax Levy

Fiscal Year	Amount
2003-04	\$ 442,206,902
2004-05	481,227,417
2005-06	534,598,111
2006-07	595,425,262
2007-08	639,822,753

In addition, numerous fixed charges approved by voters or permitted by legislation are added to the tax roll (examples include sewer, flood control and library assessments). This determines the legal liability per parcel and is passed on to the Tax Collector by September 30.

Prior to Prop 13, bonds could be approved by majority vote, effective July 1, 1978 bonds required a two-thirds super majority vote and effective January 1, 2001, certain bonds for school facilities can be approved by 55% of voters.

TREASURER-TAX COLLECTOR ISSUES BILLS & COLLECTS TAXES

The Tax Collector sends annual secured tax statements (bills) by November 1. The bill can be paid in two installments due November 1 and delinquent after December 10 and due February 1 and delinquent after April 10. (Note that payment due dates are well into the fiscal year July to June, when they become due). Supplemental tax may be billed when there is a change in ownership or when new construction is complete.

Penalties for late payments are significant at 10% for the first installment delinquency, 10% plus \$20 for the second installment delinquency and an additional 1.5% per month beginning the following July 1. After 5 years of taxes being delinquent property can be sold at a tax sale to pay the tax. As a result of the strong property values in Santa Barbara delinquency rates are some of the lowest in the state.

Number of Tax Bills Issued

Fiscal Year	Secured	Unsecured	Supplemental	Total
2005-06	125,112	17,381	18,024	160,517

AUDITOR-CONTROLLER DISTRIBUTES PROPERTY TAXES

After collection the Tax Collector forwards the taxes to the Auditor for apportionment and distribution to all eligible jurisdictions in the County. The law requires the County Auditor to allocate the revenue in accordance with specified formulas and procedures as explained on page 8.

The net effect of the MVLFF Swap & Triple Flip is a \$78.5 million decrease in taxes allocated to the ERAF fund.

Local school districts receive an allocation of \$261 million.

Included in this allocation is \$4.3 million of Homeowner Subventions received from the State but not included are \$10.1 million of Unitary & Aircraft taxes which are required to be distributed under different formulas.

AUDITOR-CONTROLLER DISTRIBUTES PROPERTY TAXES

After collection the Tax Collector forwards the taxes to the Auditor for apportionment and distribution to all eligible jurisdictions in the County. The law requires the County Auditor to allocate the revenue in accordance with specified formulas and procedures.

AB8 (Assembly Bill 8 of 1979-80), with many subsequent amendments, governs the complicated tax allocation process. Each tax jurisdiction (entity) was assigned a base amount of property tax determined by 1978-79 revenue. Each year the entity is then allocated an amount equal to the total received in the previous year plus a percentage of tax growth within the geographic tax area served by the entity. The law also provides for transfers of property tax base revenue when boundary changes or transfer of service responsibilities occur and are referred to as jurisdictional changes.

Adding to the complex tax allocation process, legislation (SB1096) was enacted in fiscal year 2004-05 that for only cities and the county permanently swaps Motor Vehicle License Fee revenue for Property Taxes (the "MVLV Swap") and temporarily exchanges Sales Tax Revenues ("Triple Flip") for Property Taxes. The *Triple Flip* expires when the State Deficit Bonds are retired in approximately 15-20 years. The legislation specifies that the property tax revenues necessary for the *MVLV Swap* and *Triple Flip* are to be taken from the County ERAF Fund.

For fiscal year 2007-08 the total *MVLV Swap* was \$61.3 million and the *Triple Flip* was \$17.2 million of additional property taxes for cities and the county and a decrease of \$78.5 million of property tax revenue allocated to the County Education Revenue Augmentation Fund (ERAF).

For fiscal year 2007-08, overall County property tax growth remains strong with the north county having a higher percentage growth than the southern regions of the county. Countywide locally assessed property taxes increased by \$38.8 million, representing a 7.20% increase from the prior fiscal year. Listed on the prior pages is a summary of the growth percentage and taxes for the various agencies that receive property tax revenue. As you will notice there are large fluctuations in growth percentages between agencies due to growth in the various geographic regions within the county.

COUNTY PROPERTY TAXES

The County receives property taxes for the General Fund, five types of dependent special districts and the redevelopment agency. The dependent district taxes are allocated directly to the entity to provide specific services within geographic areas. The most significant district services are fire and flood control. The General Fund property tax is the most important tax source for the County and represents about 81% of the County's discretionary revenue. This revenue source is allocated to the governmental functions shown in the pie chart. This source of tax is the historic funding for public safety, law and justice. However, the state requires mandated services in health and public assistance without adequate funding that also competes for this important revenue source.

County Property Tax Revenues

	Actual 2005-06	Actual 2006-07	Adopted Budget 2007-08
